# 3Q 2024 Investor Presentation

# Safe Harbor Statement

This presentation includes certain forward-looking statements (statements other than solely with respect to historical fact), including statements regarding expectations for the financial performance for 2024 that involve risks and uncertainties regarding HealthStream. These statements are based upon management's beliefs, as well as assumptions made by and data currently available to management. This information has been, or in the future may be, included in reliance on the "safe harbor" provisions of the Private Securities Litigation Reform Act of 1995. Investors are cautioned that such results or events predicted in these statements may differ materially from actual future events or results. The forward-looking statements are subject to significant uncertainties and other risks referenced in the Company's Annual Report on Form 10-K and in the Company's other filings with the Securities and Exchange Commission. Consequently, such forward-looking information should not be regarded as a representation or warranty by the Company that such projections will be realized. Many of the factors that will determine the Company's future results are beyond the ability of the Company to control or predict. Readers should not place undue reliance on forward-looking statements, which reflect management's views only as of the date hereof. The Company undertakes no obligation to update or revise any such forward-looking statements.

A photograph of a nurse in blue scrubs attending to an elderly patient lying in a hospital bed. The nurse is smiling and appears to be adjusting something on the patient's arm. The room is dimly lit, with medical equipment visible in the background.

OUR VISION

To improve the quality  
of healthcare by  
developing the people  
who deliver care.

## HEALTHSTREAM CONSTITUTION

## **HealthStream Expands its Total Addressable Market, Targeting 1,000+ Nursing Schools & 1,000,000+ Nursing Students**

**NASHVILLE, Tenn. (December 5, 2023)** – HealthStream (Nasdaq: HSTM), a leading healthcare technology platform for workforce solutions, announced today the expansion of its market opportunity to include the nation’s approximately 1,000,000 nursing students of all levels as well as the approximately 1,000 nursing schools, along with a multitude of nursing certification and nursing associate degree programs.

The addition of nursing students has accelerated in HealthStream’s network with the wide-spread adoption of its application, myClinicalExchange. This unique application, which was integrated with the hStream Platform in April 2023, is purchased directly by students and by their academic organization on behalf of students at an average of approximately \$30 per user per year to manage students’ onboarding, rotations, and internships—and its adoption continues to grow. At its current annual growth rate of approximately 27 percent, myClinicalExchange is

# High-level Growth Strategies

- Expand Customer Network;  
Add new customers
- Increase the value of each account:  
Provide more solutions to each customer;  
Cross-sell
